

**Nurture, Enrich, Inspire**

25.9.18

Dear Parents/Carers,

Please find enclosed the final Ofsted report following our inspection on 11<sup>th</sup> September.

Although this was only a one day visit the inspectors spent a very intensive 10 hours with the school staff and children. Details of exactly what was involved both prior and during the inspection are outlined in the final paragraph of the report.

I am really pleased that the inspectors recognised the hard work and commitment of all staff and how this effort has improved the outcomes for your children. Data across the whole school has significantly improved over the last two years and is now in line/exceeding National statistics. This is the strongest it has ever been at Sandringham.

Following an inspection, recommendations / next steps are provided to enable schools to improve. The inspector was very impressed that our next steps had already been identified during the Summer term and are already being actioned in this year's school development plan.

However, I am most delighted that the inspectors recognised that Sandringham is a place where children love coming to school, they feel supported in their learning, they feel safe and listened to.

The inspectors told me that parent feedback was the most positive they had ever experienced in a school of this size. Thank you for taking the time to complete the questionnaire online, talking to the inspectors and for your lovely comments. As a parent I hope that you feel incredibly reassured that Sandringham is recognised to be a "warm and nurturing environment where children blossom and grow".

I feel very privileged and overwhelmingly proud to be part of the Sandringham family and am thrilled to share the findings of our inspection with you. If you have any questions or concerns regarding this report, please contact me at [head@sandringham.kite.academy](mailto:head@sandringham.kite.academy) or pop into the school office.

Kind regards

Katherine Money  
Headteacher
