

# Sandringham Infant and Nursery School

## Remote Learning

### RECEPTION - HEDGEHOGS AND MOLES

**Week Beginning:** 8/6/20

**Topic:** Underwater Adventure

The activities below reflect what we would be learning about at this point in the year at school. Remember though - you don't have to do it all; you can adapt it however you like and most importantly have fun and send us pictures of what you do! We know everyone has different circumstances at home and you need to make the home learning work for your family. Make time each day for some physical activity, for reading together or independently and some play or relaxing time. Encourage your child to include an act of kindness; tidy toys, helping to lay the table, helping unload the dishwasher, reading a story to a younger sibling etc.

**Please upload what you can to Tapestry as we would love to see/comment on what you have been doing!**
